INVERHAME
JUPITER ISLAND, HOBE SOUND
FLORIDA

Dear Gene -

I am using this means to regret my not being able to attend the meeting of the Music Committee on Monday, February 15th and am sorry because the matters to be discussed are extremely important -

Will you please show the copy of my letter to Dick, enclosed herewith, to Dr. Mc Cracken, whose plan was to reach Scarsdale late last night, Friday, Jan. 29th. That letter took much time and thought and you may think that I have been brutally frank but Dick must be made to realize that he has gotten himself and us into a most unfortunate and avoidable predicament -
